

Bright Women's Fly-In 2019

Hi << Test First Name >>

**SECURE YOUR SPOT NOW AND BE PART OF A RENOWNED WOMEN'S
FLY-IN**

Don't miss out on taking to the skies in Bright, Victoria with two of Australia's top female paragliding pilots.

Secure your spot now and be part of a thrilling and fun women-only flying event.

With more than 20 years flying experience between them, Kirsten Seeto and Lucy Snowden will be actively promoting the thrills and excitement of our sport, by hosting the Bright Women's Fly-Ins from November 21-24.

As local residents, as well as being strong advocates for female participation in our sport, Kirsten and Lucy will be taking pilots under their wing for a series of flying days, while introducing them to some of the region's local secrets.

Flying will be the top priority but if time permits, educational workshops will be run on weather forecasting, instruments, harness set-up, and other general tips.

Kirsten said the Fly-In was a great way for female pilots to support each other and share their love of flying.

"A women's fly-in is a great opportunity to experience flying in an environment where you are no longer the minority," she said.

...where you are no longer the minority, and you can:

"It's a chance to hear stories and connect with others, share advice and encourage each other."

"Women's fly-ins are not about convincing anyone to fly. They are about sharing collective experiences to help each other navigate all this sport has to offer, so that you can return to your home club better equipped to make the most of your flying. With lots of laughs in amongst it all."

This exciting event is open to women pilots rated PG2 and above with some inland experience. If you are in any doubt as to whether this event is ideal for you, please [contact Kirsten here](#)

Minimum numbers need to be locked in by Monday 4th November, so if this sounds like the perfect way to ease into the XC season, get an introduction to Bright or just meet some like-minded women pilots, then get cracking and secure your spot.
